

6 Cups to Success Mentor Program

Overview

The 6 Cups to Success mentor program is designed to help high school and early college students in their transition to college, vocation or trade school.

- Mentors and mentees are gender matched
- Where possible mentors will be matched with students interested in similar career fields, college majors and/or type of college
- Mentors and mentees meet approximately 6 times during the school year
 - Mentors assist with many college readiness processes including:
 - College exploration (searches by majors)
 - College application and essay assistance
 - Financial aid application
 - Scholarship searches
 - Career exploration
- Mentors have a college experience and can share challenges and triumphs
- Various professional development opportunities are provided for mentors
- Mentors are a positive role model

Goals

- Increase the high school graduation rate
- Increase college access and persistence rates
- Provide the additional assistance needed by underserved populations
- Align employers and community members collaboratively to address specific areas of need within the community
