Community Advisory Committee

WHAT IS THE SELPA?

A Special Education Local Plan Area (SELPA) is a group of school districts and a County Office of Education that join together to form a geographic region to provide all of the special education service needs for children with disabilities residing within the region's boundaries. In Tuolumne County, the SELPA consists of all of the local school districts and the Tuolumne County Superintendent of Schools office. The Tuolumne County SELPA is a support service office. The SELPA is responsible to ensure that programs and services are available to meet the needs of students with disabilities from birth through age 22 in Tuolumne County.

"Every student can learn, just not on the same day or in the same way."

-George Evans
