

INVESTING: A BEGINNER'S GUIDE

RISK, TIME & DIVERSITY • IMPACT OF BUDGET ON MY INVESTMENTS • MARKET BASED INVESTMENTS

You don't have to be a big time investor to have success on Wall Street. All you need is well-equipped knowledge of the investment basics. Our goal is for you to understand investing and see it as a plausible financial option. Through our presentation you will learn about the potential risks and rewards of stocks, bonds and mutual funds. We will also cover key considerations like inflation, risk tolerance and asset allocation. Join us and learn how to make smart decisions, so you can get the most out of your investments.
