## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

TCSOS currently offers instructional programs to students in Community Schools (Middle: 6-8 and High School: 9- 12), Independent Study (9-12), and Gold Ridge Educational Center (Court School). The student population in the Alternative Education programs comprise a small number of the approximately 6,000 students in Tuolumne County. The 8 K-8 Elementary, 2 High School Districts, and 1 Unified School District do not individually serve a large enough expelled youth population to warrant the creation of their own community day programs and have elected to contract with TCSOS to provide those services. In the 2020-21 school year, 90 students were enrolled in one of our alternative education programs. There were no students who identified as EL or re-designated EL. In the 2020-21 school year, 23.0% of students in the Community School programs received Special Education services. 67% of students were identified as low income. All programs utilized state standards aligned materials.

**Vision:** Tuolumne County Alternative Education programs provides a safe, nurturing, consistent environment with clear expectations that are supported by accountability. Our school inspires students to reconnect with the educational process with learning and teaching that support vocational and academic areas in order to prepare students for life beyond high school.

**Mission:** Our school works to instill in its students a sense of pride that inspires them to have confidence in their ability to be successful in school and in life. The school community makes decisions and collectively holds each other accountable. We strive to provide students with the skills and tools necessary to achieve all they are capable of in an environment where both staff and students feel safe and supported by the district.

**Access and Equity – the work of the COE:** The TCSOS Alternative Education programs with support from the Educational Services Office operate under guidelines in order to promote and sustain access and equity for all students.

The Schoolwide Learner Outcomes were revised in 2020-21 with input from parents, students and staff:

Students are Engaged Learners and Effective Communicators who:

- Persevere in learning new concepts and completing tasks
- Use words and actions that are safe for themselves and others
- Express ideas clearly in both verbal and written form

## 2021-22 School Overview

- Collaborate with other students to share information and solve problems

Students are Responsible Citizens who:

- Respect opinions, values, and beliefs of other people and cultures
- Understand that motivation and effort will have long term, positive impacts
- Respect themselves and model behaviors of personal integrity and character

Students are Prepared Graduates who:

- Acquire the skills necessary to succeed in a meaningful career path of their choice
- Develop knowledge and skills to maintain physical and emotional well-being
- Demonstrate digital literacy and mastery of technological skills to be successful in the workplace and post-secondary education.

The goals for our school are outlined in the Local Control Accountability Plan (LCAP) which includes stakeholder input and annual review.

Goal 1: Provide social emotional support and timely interventions to all students in order to develop mental health, communication, and conflict resolution skills and strengthen student resiliency.

Goal 2: Provide training to all staff in tiered interventions, including Positive Behavior Intervention Support, inclusion, and trauma informed practices in order to create a positive school climate and improve student attendance and achievement.

Goal 3: Provide engaging, standards-aligned curriculum, instruction, and access to technology; develop college and career readiness skills, and increase opportunities for students to enroll in CTE, A-G, dual enrollment and credit recovery courses in order to prepare students for success in college and/or careers.

Goal 4: Provide increased opportunities for parental involvement and regular communication between parents, staff, districts of residence, and partner agencies, including probation, behavioral health, foster/homeless liaisons, social services, and the community college in order to support educational outcomes for all students.

Goal 5: Continue to coordinate services for foster youth and homeless youth enrolled in TCSOS programs and all LEAs in Tuolumne County to minimize changes in school placement and ensure delivery of educational services, and provide training for all LEAs in Tuolumne County to support foster youth and homeless youth.

Goal 6: Continue to coordinate the instruction of expelled pupils in Tuolumne County to prepare them to successfully transition back to their district of residence, other educational options, or graduation.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

## 2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
<b>Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)</b>	2.0
<b>Intern Credential Holders Properly Assigned</b>	0
<b>Teachers Without Credentials and Misassignments (“ineffective” under ESSA)</b>	0
<b>Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)</b>	0
<b>Unknown</b>	0
<b>Total Teaching Positions</b>	2

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2019-20 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2019-20
<b>Permits and Waivers</b>	.5
<b>Misassignments</b>	0
<b>Vacant Positions</b>	0
<b>Total Teachers Without Credentials and Misassignments</b>	.5

## 2019-20 Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2019-20
<b>Credentialed Teachers Authorized on a Permit or Waiver</b>	0
<b>Local Assignment Options</b>	0
<b>Total Out-of-Field Teachers</b>	0

## 2019-20 Class Assignments

Indicator	2019-20
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	0
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Social Studies Curriculum was reviewed and piloted during the 2020-21 school year and adopted in June, 2021. NGSS-Aligned Science materials are in the process of being reviewed and piloted.

## School Facility Conditions and Planned Improvements

Tuolumne Learning Center Middle School and Independent Study are located in a newly renovated building. The Middle School is a seat-based, self contained classroom. The Independent Study program uses the same classroom space as the seat based program, where teachers work one-on-one with each student once or twice a week. No improvements are needed or planned at this time for the middle school/independent study facility. The TLC High School program relocated in the fall of 2021 to a separate facility in order to provide additional access to outdoor space. The classroom building is rated in good repair but the external facilities are rated "poor" due to the asphalt being cracked. All facilities have regular janitorial service. The restrooms are clean and well-maintained. District maintenance staff completes repairs in a timely manner.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## 2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

## 2020-21 Local Assessment Test Results in Math by Student Group

This table displays Local Assessment test results in Math by student group for students grades three through eight and grade eleven. LEAs/schools will populate this table for schools in cases where the school administered a local assessment. In cases where the school administered the CAASPP assessment, LEAs/schools will populate this table with "N/A" values in all cells, meaning this table is Not Applicable for this school.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

## 2020-21 Career Technical Education Programs

The Community School / ISP Program emphasizes core academic classes and credit recovery. CTE coursework is offered within the core academic classes and dual enrollment in the Community College CTE programs is encouraged. CTE Pathways are not available at the school site. In the 2021-22 school year, a CTE Law Enforcement course is being offered in the Tuolumne Learning Center and Gold Ridge Educational Center, taught by a CTE Credentialed Instructor.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2021-22 Opportunities for Parental Involvement

Parents participate in an enrollment meeting for orientation, development of student goals and registration. Parents are encouraged to monitor the academic progress of their children. For Independent Study students, parents sign off on the completed work and hours worked. The teacher provides weekly written notification on the work accomplished and progress towards meeting requirements to return to the resident district programs. Parents are given opportunities to meet with the teacher and administrator of the program to discuss their child's needs. Parents often accompany their students to meetings with the teacher.

In the Community School program, parents may participate in the educational program by ensuring that their students attend class regularly and arrive on time. They can also help the student reach their educational goals by emphasizing the importance of school. Consistent communication with the teacher is encouraged to keep the parent(s) aware of his/her student's progress toward meeting graduation requirements and the terms of their rehabilitation plan. Parents are encouraged to participate in decision making at the site level through the Parent Advisory Committee which provides guidance and feedback on the Local Control Accountability Plan (LCAP) and the WASC Accreditation Review. Parents are also invited to participate in the School Site Council, which meets monthly. The contact for more information about the Parent Advisory Committee and School Site Council is Diana Harford, dharford@tcsos.us.

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

<b>Expulsions</b>	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

The emergency plan and procedures are reviewed prior to start of school. The schools practice regular emergency drills. As this is a community/independent study program, each student benefits from individualized teaching (ISP) or an academic program tailored to their needs and grade level. Specific goals and course study are established, and contracts are strictly maintained. The instructors encourage the use of community resources to provide ways for students to meet the rigors of a community/independent study program. Attendance and work completion is closely monitored and any deviation from the contract removes the ability of students to stay enrolled (ISP) or to return to their district of residence at the end of their expulsion. The Tuolumne County Board of Education recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The County Board is fully committed to maximizing school safety and to creating a positive learning environment that includes strategies for violence prevention and high expectations for student conduct, responsible behavior, and respect for others. The Tuolumne County Superintendent of Schools Office (TCSOS) desires to provide an orderly, caring and nondiscriminatory learning environment in which all students can feel comfortable and take pride in their school and their achievements. TCSOS encourages staff to teach students the meaning of equality, human dignity, and mutual respect, and to employ cooperative learning strategies that foster positive interactions in the classroom among students from diverse backgrounds. The school/program sites shall promote nonviolent conflict resolution techniques in order to encourage attitudes and behaviors that foster harmonious relations. As part of this effort, students shall be taught the skills necessary to reduce violence, including communication skills, anger management, bias reduction and mediation skills. Staff shall receive training that implements and supports conflict resolution and positive behavior support techniques. Students shall have opportunities to voice their concerns about school policies and practices and to share responsibility for solving problems that affect their school/program site. The Tuolumne County Superintendent of Schools or designee may initiate campus beautification projects, buddy systems, vandalism prevention campaigns and other similar programs. Staff shall encourage and reward success and achievement, participation in community projects and positive student conduct.

## Professional Development

All teachers access professional development based upon their unique assignments, interest for professional growth, and plans developed with their supervisors. In addition, teachers have access to funds through the department to attend training, conferences, and collaborative events both in and out of county as appropriate to support excellent instruction and service to students with in the TCSOS programs. During the 2020-21 school year, professional development opportunities were more limited due to COVID related closures, and difficulties of arranging substitutes. However, shorter staff developments were offered regularly throughout the school year in distance learning strategies, effective use of technology, and social emotional learning. Additionally, during the 2020-21 school year, each Wednesday was set aside for staff meetings, collaboration time and professional development. In the 2021-22 school year, three full days of professional development were offered prior to the start of the school year. Staff members were provided a variety of opportunities to choose from related to their individual needs and assignments.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
