## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

Tuolumne County Superintendent of Schools' Special Education Division facilitates high quality educational programs and services for students with special needs and training for parents and educators. TCSOS Special Education collaborates with county agencies and school districts to develop and maintain healthy and enriching learning environments in which students with special needs will benefit and become progressively more independent. Access to all programs is through the student's Individualized Education Plan (IEP) team at his/her home school. Classrooms are located at school sites within the Tuolumne County Special Education Local Planning Area (SELPA).

TCSOS Special Education is dedicated to the belief that all students can learn and that students with exceptional needs must be guaranteed equal opportunity to become contributing members of society. TCSOS Special Education facilitates high quality educational programs and services for students with special needs. Ongoing support and training for parents and educators is also provided. TCSOS Special Education students receive services in programs that include Early Start, Preschool, Independent Living Skills (ILS), Emotional Support (NeXus) and Transition. A wide variety of related services are provided from Speech and Language Pathologists, Occupational Therapist, School Nurses, Psychologists, Behaviorists, Vision/Orientation and Mobility Specialists and an Adaptive Physical Education teachers.

Early Start is a statewide system of early intervention services for infants and toddlers, from birth to 36 months of age, with disabilities or at risk of having disabilities and their families. Services are provided in a family-centered, multidisciplinary, interagency, and community-based system. Parents have rights and access to procedural safeguards to assure that early intervention services are provided in a manner appropriate to their child's needs and to the concerns of the family.

Inclusive and Structured Preschool classrooms provide multiple levels of support for preschool students with special needs. TCSOS Special Education is participating in the Supporting Inclusive Practices (SIP) Grant program that targets preschool through grade three. Preschool classrooms support and promote inclusion of TCSOS Special Education preschool students into Head Start, Transitional Kindergarten, Kindergarten and general education settings. TCSOS Special Education students in these classes receive additional support from highly-qualified special education teachers and paraprofessionals, who work alongside general education teachers and paraprofessionals with effective program implementation. Students attending TCSOS Special Education Structured Preschools benefit from highly-qualified teachers and paraprofessionals, a specialized curriculum, and applied behavioral analysis techniques embedded in the preschool program. Low student-staff ratios promote successful early intervention behavioral and learning strategies for preschool students.

The Independent Living Skills (ILS) program is a regionalized program for students with moderate to severe disabilities. Staff who support this program are also participating in the Supporting Inclusive Practices Grant as appropriate to ensure students receive services in the least restrictive environment. Staff receive ongoing training and support in the use of evidence-based practices in the area of Autism, behavior and social skill development.

In addition to providing access to common core standards as appropriate, instruction is based upon seven curricular domains:

- domestic
- vocational
- recreation / leisure
- community access / motor skills
- communication
- social- emotional and
- functional academics

Academics are addressed within these domains in order to allow students to learn functional skills that are practical and will maximize their independence in the future. Instruction is designed to meet individual needs of each student throughout the school day, including recess and lunch periods. Establishing a functional means of communication for each student is an important focus of the program and a strong emphasis is placed on teaching the students appropriate behaviors. Staff members use evidenced-based instructional strategies to teach the functional skills that will maximize independence for the students.

NeXus, a regionalized structured behavior and emotional support program, uses a model similar to Response to Intervention (RtI) with a focus on behavior. Three levels of intervention range from Intensified Level 1 to Intensified Level 3. Students at the Intensified Level 3 are receiving the most significant behavior and emotional supports within the NeXus program.

Eight key concepts in the emotional and behavior supports used by NeXus are:

1. Multiple levels of emotional and behavioral support
2. Selecting evidence-based practices
3. Continuous progress monitoring
4. Monitoring intervention fidelity or integrity
5. Data-based decision-making
6. Problem solving processes
7. School/home collaboration
8. Mental health service coordination

The Adult Transition Program serves 18-22 year old students with developmental disabilities and/or autism who have received a Certificate of Completion from high school and have significant needs for support as they transition to adulthood. The Adult Transition Program aids in the development of young adults with special needs into positive, productive, and contributing members of society. All students who attend the Adult Transition Program are referred through the Individualized Education Plan (IEP) process.

Students in the Adult Transition Program will demonstrate a mastery of a continuum of transition skills based on their unique level of ability with the goal of successfully transitioning to adult living. Skills are developed using community-based instruction in addition to classroom instruction.

Students participate in the components of the program that assist them in moving toward their desired post-school outcomes, taking into account students' preferences, needs and skills. The Adult Transition Program also prepares students for involvement in adult community programs, and if possible, employment. Most of the students in the Adult Transition Program are clients of Valley Mountain Regional Center. As students are getting ready to exit the program, the Valley Mountain Regional Center provides a link to the transition supports needed for the future. The Adult Transition Program staff teaches students to initiate and maintain a close connection to this agency to support a successful and productive adult life.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

### 2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
<b>Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)</b>	9
<b>Intern Credential Holders Properly Assigned</b>	1
<b>Teachers Without Credentials and Misassignments (“ineffective” under ESSA)</b>	4
<b>Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)</b>	0
<b>Unknown</b>	0
<b>Total Teaching Positions</b>	14

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### 2019-20 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

## School Facility Conditions and Planned Improvements

Most TCSOS special education programs are located mostly within participating school sites. Those sites provide support for maintaining facility safety, cleanliness and adequacy of the school facility. TCSOS Special Education host sites work in cooperation with TCSOS maintenance staff to complete timely repairs and maintain facilities. There are several sites that are considered 'stand-alone' sites and these are maintained by TCSOS staff. Due to the multiple sites, more than one rating may be indicated from the FIT reports.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

## 2020-21 Local Assessment Test Results in Math by Student Group

This table displays Local Assessment test results in Math by student group for students grades three through eight and grade eleven. LEAs/schools will populate this table for schools in cases where the school administered a local assessment. In cases where the school administered the CAASPP assessment, LEAs/schools will populate this table with "N/A" values in all cells, meaning this table is Not Applicable for this school.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

## 2020-21 Career Technical Education Programs

TCSOS Special Education programs serving students in grades 9-12 are housed on comprehensive high school campuses. During the 2019-2020 school year these programs were co-located at Sonora High School, which has a full offering of CTE Coursework and pathways. When deemed appropriate by the Individualized Education Plan (IEP) team, enrollment in this coursework is available to TCSOS Special Education students. In the 2020-21 school year, mainstreaming opportunities into CTE courses were limited due to COVID restrictions.

## 2020-21 Career Technical Education (CTE) Participation

Measure	CTE Program Participation
Number of Pupils Participating in CTE	0
Percent of Pupils that Complete a CTE Program and Earn a High School Diploma	0
Percent of CTE Courses that are Sequenced or Articulated Between the School and Institutions of Postsecondary Education	0

## Course Enrollment/Completion

This table displays the course enrollment/completion of University of California (UC) and/or California State University (CSU) admission requirements.

UC/CSU Course Measure	Percent
2020-2021 Pupils Enrolled in Courses Required for UC/CSU Admission	2.94
2019-2020 Graduates Who Completed All Courses Required for UC/CSU Admission	0

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2021-22 Opportunities for Parental Involvement

All parents, guardians or caregivers are involved in the development of each students Individualized Education Plan (IEP). This process of planning, revising and monitoring the student IEP is vital to the success of each student receiving special education programming. Parent input is paramount to an effective process.

Parents are also invited to participate in the Community Advisory Council (CAC). The purpose of the Community Advisory Council for Special Education is to advocate for effective Special Education programs and services, and advise the SELPA Governing Board on priorities in the Special Education Local Plan Area (SELPA). The State Education Code mandates that each SELPA must have a CAC and that a majority of CAC members be parents. In Tuolumne County, CAC meetings are held every other month or more depending on CAC sponsored events and training activities. These meetings are open to the public; everyone is welcome to attend.

In addition to the CAC, parents from the TCSOS special education program are represented in the TCSOS Parent Advisory Committee. All parents, students, and community members may also attend the County Board and SELPA Board meetings.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

<b>Expulsions</b>	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

Preschool and school-aged programs are located at various schools in Tuolumne County and are included in the school safety plans at each school site in which they are located. The Adult Transition Program is located in a separate facility. The emergency plan and procedures are reviewed prior to start of school and all schools and programs practice regular emergency drills. As students are enrolled in individualized education plans (IEPs), each student benefits from individualized teaching (ISP) or an academic program tailored to their needs and grade level. Specific goals and course study are established, and contracts are strictly maintained. The instructors encourage the use of community resources to provide ways for students to meet the rigors of their individualized programs. The Tuolumne County Board of Education recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The County Board is fully committed to maximizing school safety and to creating a positive learning environment that includes strategies for violence prevention and high expectations for student conduct, responsible behavior, and respect for others. The Tuolumne County Superintendent of Schools Office (TCSOS) desires to provide an orderly, caring and nondiscriminatory learning environment in which all students can feel comfortable and take pride in their school and their achievements. TCSOS encourages staff to teach students the meaning of equality, human dignity, and mutual respect, and to employ cooperative learning strategies that foster positive interactions in the classroom among students from diverse backgrounds. The school/program sites shall promote nonviolent conflict resolution techniques in order to encourage attitudes and behaviors that foster harmonious relations. As part of this effort, students shall be taught the skills necessary to reduce violence, including communication skills, anger management, bias reduction and mediation skills. Staff shall receive training that implements and supports conflict resolution and positive behavior support techniques. Students shall have opportunities to voice their concerns about school policies and practices and to share responsibility for solving problems that affect their school/program site. The Tuolumne County Superintendent of Schools or designee may initiate campus beautification projects, buddy systems, vandalism prevention campaigns and other similar programs. Staff shall encourage and reward success and achievement, participation in community projects and positive student conduct.

## 2020-21 Types of Services Funded

TCSOS Special Education and the Tuolumne County SELPA provide a variety of supports and services to students in both district and county-run programs. All services provided through TCSOS Special Education are designed to increase the access to high quality instruction for students with special needs in Tuolumne County. Services are provided to students through their Individualized Education Plan (IEP) and include but are not limited to:

- speech
- occupational therapy
- school psychological services and testing
- counseling
- adaptive physical education
- behavior intervention services
- social skills
- nursing and health services

In addition to direct services, specialists in these areas are available to consult with staff and parents participating in both district and county programs as needed to ensure student success.

## Professional Development

All teachers access professional development based upon their unique assignments, interest for professional growth, and plans developed with their supervisors. Teachers have access to weekly professional development time on their assigned sites that is divided between collaboration with districts and program planning/ training. Monthly, teachers attend professional development at the TCSOS office presented by the program specialists, the behavior team, and outside providers as appropriate. In addition, teachers have access to funds through the department to attend training, conferences, and collaborative events both in and out of county as appropriate to support excellent instruction and service to students with in the TCSOS special education programs. During the 2020-21 school year, professional development opportunities were more limited due to COVID related closures, and difficulties of arranging substitutes. However, shorter staff developments were offered regularly throughout the school year in distance learning strategies, effective use of technology, and social emotional learning. Additionally, during the 2020-21 school year, each Wednesday was set aside for staff meetings, collaboration time and professional development. In the 2021-22 school year, three full days of professional development were offered prior to the start of the school year. Staff members were provided a variety of opportunities to choose from related to their individual needs and assignments.

This table displays the number of school days dedicated to staff development and continuous improvement.

# Tuolumne County Superintendent of Schools 2020-21 Local Accountability Report Card (LARC) Addendum

## Local Accountability Report Card (LARC) Addendum

### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
